EDUCATION

Government Polytechnic **Mumbai ,Maharashtra**

Diploma in Computer Science *Expected Diploma, May 2025*

Percentage: 92

PROFILE SUMMARY

Targeting **Full stack Developer** roles with an organization of high repute with a scope of improving knowledge and further career growth.

- Proficient in MERN stack **(MongoDB, Express.js, React, Node.js)** and Next.js **(Full Stack Framework),** with a strong background in building scalable web applications.
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

PROJECTS

Blog Application in Next.js **July 2024 –August 2024**

Tools: Clerk**,** Shadcn, MongoDB

A full-featured blog application enabling users to register, authenticate, and create and edit their blog posts seamlessly.

Responsibilities:

- **Developed a responsive and user-friendly front-end** using Next.js and React, optimizing for accessibility and performance.
- **Integrated Clerk for secure user authentication and authorization**, enabling seamless registration and login workflows.
- **Built a robust backend with Next.js API routes**, ensuring efficient data handling, including CRUD operations for blog posts.
- **Implemented MongoDB for database management**, enabling scalable and reliable data storage.

Video Streamer **June 2024 – July 2024**

Tools: Express,Node.js

A backend created in node.js and express.js framework where user can register and login using refresh and access token. Backend gives features like uploading video, creating and deleting playlist ,writing comment on videos and liking a video and comment

Responsibilities:

- **Developed RESTful APIs using Node.js and Express**, enabling efficient video streaming and user interactions.
- **Implemented Mongoose for managing video and user data** in MongoDB, ensuring reliable data handling and scalability.
- **Integrated secure authentication and file uploads**, leveraging JWT and AWS S3 for seamless access and storage of large video files.

ACADEMIC ACHEIVEMENTS

- Earned a certification in Full Stack Development, demonstrating proficiency in MERN stack technologies and project management.
- Consistently maintained a percentage above 90%.

SKILLS

Programming: Java, Python, JavaScript, HTML/CSS, SQL, Node.js, React.js, C++, C, R

Tools: Android Studio, IntelliJ, PyCharm, Eclipse, AWS, Git, Bootstrap, Spring Boot, Agile
